### CONFLUENCE – No Doubt

**A special report on 14<sup>th</sup> July 2007 – A get-together by Rock@ Infy at St. Thomas Mount**

Rock @ Infy, what was started by a small group of people in Shols & M'City with strong leading from the Lord, is now a blessing to many. Confluence is that coming at the feet of the Lord together every quarter by both geographically separated fellowships along with their families in Chennai Infy.

Confluence started with **opening prayer** by Baskar at 2:00PM and followed by a great time of **Praise & worship** which is led by Daniel. Worship team is composed of Elizabeth, Angeline, Beulah, Priscilla, Kumar, Ferdin, Rajiv, Augustin David (on the key board) & Job Sushu (on the guitar). Praise session was ended with couple of action songs with 7 volunteers.

Kumar conducted the **Ice Breaker** game to know about each other and finding the delegates who have the similar interesting facts & experience. "In Christ Alone" – **Choreography** conveyed the message of what Christ can take away from us and He gives in return. Maximizing the return on investment is the goal of every corporate but the **Skit** emphasized the maximizing the value of a person from no value and giving the top position to Jesus in our life only can lead to this.

Bro. Issac Joe, the lyricist and composer of the song "Picked me up from the miry clay" & the universal gospel singer from Chennai, started the message with this renowned song by plugging up his guitar to influence the crowd of 'Confluence'. **The theme of the message was Different kind of loneliness:** (a) Loneliness when looked down by others (b) Loneliness when people are jealous of doing good (c) Loneliness when mistake is made and people go away.

Jesus is the only ever-present and best friend to accompany us in good or bad times and He alone can fill our vacuum filled heart for Him alone. God spoke to many hearts directly through this message to confirm that you are not alone and no need to be confused.

Thirumala **witnessed** about the way how God has reached to her and shared as an example of hope the Lord provides for the millions of souls who yet to receive the saving knowledge of Christ. After the brief about **happenings** in Rock @ Infy and the announcements of quarterly Confluence meet of Shols & M'City fellowships by Austin, "Touching Heaven Changing Earth" a special number given by Priscilla.

After the **closing prayer** by Kanchana, Confluence come to an end with the theme song – "Because He lives I can face tomorrow" and great time of fellowship with high tea.
